

Nancy Colah - *Managing Director, BBK Southfield*

Nancy has almost 20 years of experience in financial management, with expertise in various types of workouts including turnarounds, liquidations and sales of distressed companies. Her in-depth case management background and creative approach to problem-solving allows her to execute workable strategies, and advise clients on effectuating agreements and transactions of various kinds.

Background

- Automotive
- Chemicals
- Manufacturing

Professional Experience

Nancy helps manufacturing companies that are troubled or insolvent by working with affected constituents, analyzing the financial, operational and legal circumstances, and devising solutions to maximize her clients' position. Nancy provides on-site support as a crisis and interim financial manager, demonstrating her valuable experience in negotiating and implementing restructuring strategies. Nancy's successes include work with companies both large and small, ranging from start-ups to well established companies, from the early stages of distress to wind-downs and liquidations. Nancy played an integral role in the sale and disposition of a \$2 billion automotive company with over 35 plants. She held a key position in the startup of an automotive sequencing and assembly supplier. Nancy also led her client in the provision of \$100 million DIP loan facility.

Nancy's expertise with proactive supplier risk management initiatives help companies mitigate threats to their production that stem from their supply base. She assists companies with establishing processes to identify areas of risk early on allowing for lower cost solutions.

Prior to joining BBK, Nancy held a number of financial positions within General Motors Corporation on various finance staffs. As Finance Manager, Nancy managed the finance department responsible for \$5 billion in annual health care spending and \$50 billion retiree health care liability. She initiated and led business case analyses for major divestitures, VEBA funding, employee reduction programs, pending litigation, and benefit plans.
