D. Lyndon James - *Senior Director, BBK Dallas*

Lyndon is a financial and restructuring professional with over 30 years of experience in various industries including oil and gas, mining, manufacturing and insurance.

Professional Experience

Prior to joining BBK, Lyndon was a Partner of Tatum, LLC in Dallas where he led many successful engagements as CEO and CFO. Among his accomplishments, Lyndon:

- Led an oilfield service company, through Chapter 11 bankruptcy as CEO. He marketed the company to potential buyers and coordinated the buyout of the debt and equity by a private equity firm; negotiated and sold the safety business to an outside buyer and negotiated the merger.
- Was instrumental in the turnaround of a publicly traded petroleum products distributor created by a reverse merger. He renegotiated and increased the working capital revolving facility after a covenant default; and provided financial leadership to restructure the operations and close down unprofitable operations.
- Secured a \$450 million construction loan through a syndication of 20 U.S. and international banks and \$70 million working capital revolving credit facility for general corporate purposes which helped the client complete a \$1.2 billion refinery upgrade project.

As Vice President-Chief Financial Officer of Insurance Team One Services, Inc., Lyndon developed the initial business plan for the startup and was responsible for the development of the community bank insurance program.

Lyndon was Senior Vice President-Chief Financial Officer for The Henry Group, Inc., a privately owned manufacturing and installation company servicing the food industry, where he led a mergers and acquisition program and managed finance, accounting, information technology and human resource functions.

Lyndon also held accounting and finance positions for ARCO Oil and Gas Company, a \$20 billion oil and gas exploration and production company; as well as Company Controller for ARCO Coal Company, one of the largest and most profitable international coal mining companies in the world.
