

Chuck Little - CFO, BBK Southfield

Charles C. (Chuck) Little possesses over 30 years of progressive Executive Financial Management experience. He has had executive level responsibilities for operational & commercial finance activities, treasury operations, strategic planning, external & operational reporting, audit & GAAP, banking & capital management, IT operations, M&A activities, risk management, and legal oversight & coordination.

Professional Experience

Functionally, Chuck has provided financial leadership to businesses experiencing rapid growth, as well as successfully leading both financial and operational turnarounds. He possesses a significant strategic background in acquisitions, joint ventures, operational start ups and divestitures on both the buy and sell side including negotiation lead, due diligence and valuation.

This includes a successful track record of negotiation and negotiation support functions with institutional lenders, automotive OEMs and suppliers. He has implemented a wide array of strategic operational and financial systems in product pricing and cost management, product launch, performance metrics, investor communications and treasury management.

Chuck has also led purchasing operations, including extended enterprise manufacturing, as well as human resources functions in multi-location, international enterprises. In addition, he possesses in-depth functional knowledge and experience with product manufacturing, project management, automotive product design & development and the Toyota Production System.
