B.N. Bahadur - M.B.A., Founder, BBK

B.N., BBK's founder, is respected and recognized for his ability to reorganize and revitalize troubled companies. He founded BBK in 1977 to help companies and their creditors resolve common problems. Today, BBK is a leading international business advisory firm that helps advance the progress of solid companies by improving performance, enhancing enterprise value and maximizing returns and continues to help troubled companies develop strategies, negotiate settlements and implement plans of action.

B.N. is frequently asked to speak on a wide variety of important business issues. He recently spoke on Leadership and Legacy:

"A great leader addresses fundamental issues and makes every effort to define, analyze and resolve them with intelligence, research and clear and decisive action. This leadership quality has been the bedrock of the growth and success of BBK. Each of us has had the responsibility of taking on a tough assignment, assembling a team, getting the best available information and crafting a solution that meets our client's needs."

"We have built a legacy of integrity, commitment and excellence that will out-live all of us here. BBK has assembled a first rate management team capable of carrying on the legacy of the first generation of leaders, who will continue to provide outstanding service for years and generations to come."

Professional Experience

B.N. has more than a quarter century of experience in business management, accounting, teaching and consulting. He possesses broad expertise in the automotive industry as well as manufacturing, steel, transportation, retail, commercial construction, finance and mortgage lending. B.N.'s ability to serve in executive level positions, including Chairman, CEO, CFO, Debtor-In-Possession and Trustee in Corporate Reorganization, is respected internationally.
